BCA Quality Initiative
Provincial Airport Review

Impacted Data Advice Customers

Subscribers to BCA data advice may notice increased activity on Airport properties (i.e., actual use code 515) as BC Assessment (BCA) completes the Provincial Airport Review activity from June to October 2017.

Summary of BCA Quality Initiative

The Provincial Airport Review activity is part of the BCA Assessment Quality Management (AQM) program that was developed to identify, prioritize, and systematically address opportunities to improve upon BCA's high standard of assessment roll quality.

The Provincial Airport Review activity is a targeted review of industrial properties to review and correct any inconsistencies or data quality issues. The focus for 2017 will be on the remaining 38 Certified Airports in British Columbia. Those in the Greater Vancouver region were completed in 2016.

Impact on Data Advice

It is expected that corrections made will be reflected in your weekly/monthly data advice from May to August 2017, as well as on the 2018 Completed and Revised Assessment Roll products.

Distribution of impacted Airports:

Assessment Region	Est. # of Properties
Fraser Valley	5
Greater Vancouver	0
Kootenay Columbia	3
Thompson Okanagan	6
Northern BC	15
Vancouver Island	9
Total	**38**

Note: Any significant impact to assessment or valuation within your jurisdiction(s) will be communicated in more detail to local government and First Nations customers as part of annual roll reporting.

Contact

If you have any Data Advice questions, please contact the **BCA Property Information team** at bcacustomer.services@bcassessment.ca or 1-866-valueBC (1-866-825-8322), ext. 00119.

If you have any questions regarding the assessment of specific properties, please contact the **BCA Property Assessment team** at bca.commercial@bcassessment.ca or 1-866-valueBC (1-866-825-8322), ext. 00391.
