BCA Quality Initiative
Township of Esquimalt City Fields Update

Impacted Data Advice Customers

Subscribers to BCA data advice for the Township of Esquimalt (jurisdiction 307) may notice increased activity on properties as BC Assessment (BCA) completes the update to both the civic address and mailing address city fields from Victoria to Esquimalt at the Township's request.

Summary of BCA Quality Initiative

The Township of Esquimalt has requested that the civic address city field be updated to better reflect their jurisdiction and Township. This will result in approximately **5,200 properties' civic addresses** being updated from Victoria to Esquimalt.

In consultation between Township of Esquimalt and Canada Post, Esquimalt will now also be the correct mailing address city. BCA will also be updating approximately **6,200 Esquimalt property owners' mailing addresses** to reflect this change to ensure continued mailing address accuracy, associated mailing discounts, and adherence to Canada Post standards.

For properties outside the Township of Esquimalt, BCA has identified **870 property owners' mailing addresses** that will also be included in this update, the majority of which are located within the Capital Regional District (480 property owners' mailing addresses).

Canada Post has confirmed that items with a mailing address with the city of Victoria will continue to be successfully delivered.
